

PROJECT PROPOSAL

European programme	Lifelong Learning Programme Leonardo da Vinci (Development of Innovation)
Deadline	26-february-2010
Deadline to show interest	31th January 2010
Name of proposal	New Initiatives in Local Employment
Summary of the proposal	<p>The current financial / economical crisis has and is having a significant impact on unemployment levels. In only one year the unemployment rate has increased 43% in the municipality of Alzira.</p> <p>Officially, Employment it's not a competence of the Municipalities, and the decision makers in the area of employment could be the regional government or the national government (it's depend on the different countries), but the local authorities are the authorities facing daily with the economical and social effects of the Crisis.</p> <p>In this situation the County Council of Alzira has developed its own "Employment Plan" to support the most vulnerable people affected by this crisis.</p> <p>At the same time, lots of messages come from different institutions about themes like "New Skill - New Jobs", "Green Jobs", Flexicurity, etc.</p> <p>The objective of the project are:</p> <ol style="list-style-type: none">1.- Identify and exchange good local initiatives that the municipalities has developed in the area of employment to tackle the effects of this economical crisis.2.- Identify and exchange the good practices of how to develop a local level the new European Strategies "New skill – New Jobs and Green Jobs".3.- Develop a methodology to train municipal responsible of employment for the practical implementation in the local level of the European Employment Strategy.4.- Create a network at European Level of Responsible of Local Employment.
